NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshai Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1s. 6d. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

(z) In section 234, clause (a), for the word "naib tahsildars" substitute "peshkars".

J. M. HOLMS,

Chief Secretary to the Government, United Provinces.

THE HON'BLE THE AGENT TO THE GOVERNOR GENERAL AND CHIEF COMMISSIONER IN BALUCHISTAN.

NOTIFICATIONS.

Quetta, the 9th September 1909.

No. 4262.—In exercise of the powers conferred by section 17 (1) of the Cantonment Act, 1889 (Act XIII of 1889), as applied to the territories administered by the Honourable the Agent to the Governor General in Baluchistan by the Baluchistan Agency Laws Law, 1890, and with the previous sanction of the Governor General in Council, the said Agent is pleased to impose the following taxes in the Cantonment of Loralai with effect from the date of this notification:—

Nature of taxes.	Amount.
(a) Conservancy Tax.	Annas four monthly per privy pan on residents occupying houses of a rental of less than Rs20 per mensem. II. Rs3 per cent. on the rent of the Bungalow on residents occupying Bungalows of a rental of Rs20 per mensem or over (including Station Mess).
(b) House Tax.	III. Annas four monthly on each house in the case of residents occupying rent-free quarters or using public latrines. (a) Rs1 monthly on each occupied Bungalow (including Station Mess). (b) Four annas a month on every house or shop occupied by natives in Cantonments.
(c) Water Tax.	7½ per cent. on the monthly rental of houses for piped water where water is laid on. Rs1 per mensem per house for irrigation water supplied per half hour three times a week:

provided that the said taxes shall not be leviable (a) from any Native Commissioned Officer, or from any Warrant or Non-Commissioned Officer or soldier of His Majesty's Forces or public or private follower or persons of menial grade, excepting bunniahs, butchers and tailors, or from any person not residing for more than a week in the month within the limits of the Cantonment.

No. 4263.—In exercise of the powers conferred by section 17, sub-section (2), of the Cantonments Act, 1889 (XIII of 1889), as applied to the territories administered by the Agent to the Governor General in Baluchistan by the Baluchistan Agency Laws Law, 1890, and with the previous sanction of the Governor General in Council, the said Agent to the Governor General is pleased to apply to the Cantonment of Loralai the provisions of sections 49 to 54, 56 to 61 and 64 and 201 of the Punjab Municipal Act, 1891 (XX of 1891), regarding the assessment and recovery of taxes, in the adapted form set forth in the schedule hereto annexed.

THE SCHEDULE.

1. No assessment and no charge or demand of any tax shall be impeached or affected by reason of any mistake in the name, residence, place of business or occupation of any person liable to pay the tax, or in the description of any building liable to the tax, or of any mistake in the amount of the assessment or tax, or by reason of any clerical error or other defect of form, and it shall be enough in any tax on buildings or any assessment of rental for the purpose of any such tax if the building taxed or assessed is so described as to be generally known, and it shall not be necessary to name the owner or occupier thereof.
Section 49.
2. Taxes shall be payable on such dates and in such instalments (if any) as the Cantonment Authority may from time to time direct.
Section 50.
3. For all sums paid on account of any tax a receipt stating the amount, and the tax on account of which it has been paid shall be given by the person receiving the same on request by the person making the payment.
Section 51.
4. (1) An appeal against the assessment or levy of any tax shall lie to the Political Agent or to such other officer as may be empowered by the Local Government in this behalf.
Section 52.
- (2) If on the hearing of an appeal under this rule any question as to the liability to, or the principle of, assessment of a tax arises on which the officer hearing the appeal entertains reasonable doubts, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which the doubt is entertained, and refer the statement with his own opinion on the point for the decision of the Judicial Commissioner.
- (3) On a reference being made under this rule the subsequent proceedings in the case shall be as nearly as may be in conformity with the rules relating to references to the High Court contained in Order XLVI of the Code of Civil Procedure.
- (4) In every appeal the costs shall be in the discretion of the officer deciding the appeal.
- (5) Costs awarded under this rule to the Cantonment Authority shall be recoverable by the Cantonment Authority as though they were arrears of a tax due from the appellant.
- (6) If the Cantonment Authority fails to pay any costs awarded to an appellant within ten days after the date of the order for payment thereof, the officer awarding the costs may order the person having the custody of the balance of the Cantonment Fund to pay the amount.
5. (1) No appeal shall lie in respect of a tax on any building unless it is preferred within one month after the publication of the notice prescribed by rule 10 (2) or rule 12 or after the date of any final order under rule 11 as the case may be, and no appeal shall lie in respect of any other tax unless it is preferred within one month from the time when the demand for the tax is made :
Section 53.
- Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this rule if the appellant satisfies the officer before whom the appeal is preferred that he had sufficient cause for not presenting the appeal within that period.
- (2) No appeal shall be entertained unless the appellant has paid all taxes due from him to the Cantonment Authority up to the date of such appeal.
6. No objection shall be taken to any assessment, nor shall the liability of any person to be assessed or taxed be questioned in any other manner or by any other authority than is provided in these rules.
Section 54.
7. (1) The Cantonment Authority shall cause an assessment list of the buildings on which any tax is imposed to be prepared containing—
Section 55.
- (a) the name of the street, or division if any in which the building is situated ;
- (b) the designation of the building either by name or by number sufficient for identification ;
- (c) the name of the owner or occupier if known ;
- (d) the monthly rental on which the building is assessed ; and
- (e) the amount of the tax assessed thereon.

(2) For the purpose of preparing the list the Cantonment Authority may require the owners or occupiers of the buildings to furnish it with a return of the monthly rentals.

8. When the assessment list has been completed, the Cantonment Authority shall give public notice thereof and of the place where the list or a copy thereof may be inspected and every person claiming to be either owner or occupier of any buildings included in the list and any agent of such person shall be at liberty to inspect the lists and to make extracts therefrom without charge.

Section 57.

9. (1) The Cantonment Authority shall at the time of the publication of such assessment list give public notice of a time not less than one month thereafter, when it will proceed to revise the assessment, and in all cases in which any building is for the first time assessed, or the assessment thereof is increased, it shall also give notice thereof to the owner or occupier of the building.

Section 58.

(2) All objections to the assessment shall be made in writing before the time fixed in the notice or orally or in writing at that time.

10. (1) After the objections have been enquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorised agent as they may think fit, and the revision of the assessment has been completed, the amendments made in the list shall be authenticated by the signature of the Cantonment Magistrate who shall at the same time certify that no valid objection has been made to the assessment contained in the list except in the cases in which amendments have been entered therein, and subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the 1st day of January next ensuing, as also in the case of a tax then imposed for the first time for the period between the commencement of the tax and such 1st day of January.

Section 59.

(2) The list when amended under this rule shall be deposited in the Cantonment Office and shall there be open during office hours to all owners or occupiers of buildings comprised therein, or the agents of such persons and a public notice that it is so open shall forthwith be published.

11. (1) The Cantonment Authority may at any time amend the list by inserting the name of any person whose name ought to have been inserted, or by inserting any building which ought to have been inserted, or by altering the assessment on any building which has been erroneously assessed through fraud, accident, or mistake, after giving due notice to any person interested in the amendment of a time, not less than one month from the date of service of such notice, at which the amendment is to be made.

Section 60.

(2) Any person interested in any such amendment may tender his objection to the Cantonment Authority in writing before the time fixed in the notice or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorised agent as he may think fit.

12. It shall be in the discretion of the Cantonment Authority to prepare a new assessment list every year or to adopt the assessment contained in the list for any year with such alterations as may in particular cases be deemed necessary as the assessment of the year following, giving the same notice of the assessment as if a new list had been prepared.

Section 61.

13. (1) When any sum is due on account of a tax payable in respect of any building, the Cantonment Authority shall cause a bill for the amount stating the building and the period for which the charge is made to be delivered to the person liable to pay the same.

Section 62.

(2) If the bill is not paid within ten days from the delivery thereof, the Cantonment Authority may cause a notice of demand to be served on that person and if he does not within seven days from the service of the notice pay the sum due, with any fee leviable for the notice, or show sufficient cause for non-payment, the sum due, with the fee, shall be deemed to be an arrear of tax.

(3) The amount of every such arrear, besides being recoverable in the manner herein-after provided by rule 14, shall, subject to any claim on behalf of His Majesty, be a first charge on the building in respect of which it is payable and shall be recoverable on application made in this behalf by the Cantonment Authority to the Political Agent as if the building were an estate assessed to land revenue and the arrear were an arrear of such revenue due thereon. Provided that nothing in this rule shall authorise the arrest of a defaulter.

14. Any arrears of any tax recoverable by the Cantonment Authority under these rules may be recovered on application to a Magistrate having jurisdiction within the limits of the Cantonment, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his jurisdiction belonging to such person.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or rs. 6d. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

REVENUE COMMISSIONER'S OFFICE, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATION.

Nathiagali, the 20th September 1909.

No. 771-II.—With reference to Notification No. 1903, dated 20th May 1909, it is hereby notified that under section 9 of the Punjab Land Revenue Act, 1887, as extended to the North-West Frontier Province by Regulation VII of 1901, and with the previous sanction of the Chief Commissioner, the Revenue Commissioner has made the following amendments in the rules framed by his Notification No. 5935, dated the 3rd December 1907, under the said Act.

Amendments.

For the existing rules 145 to 164 substitute the following :—

Of Naib-Tahsildars.

145. The Revenue Commissioner is responsible for keeping up the list of approved candidates for the post of Naib-Tahsildar, and in discharging this duty he shall be guided by the following instructions :—

147. The Revenue Commissioner shall from time to time select for the approval of the Chief Commissioner persons whom he considers likely to fill the post of Naib-Tahsildar with credit, and in selecting candidates from time to time he shall, as far as possible, take a proportionate number of candidates from each district.

147A. Cancelled.

148. No person shall ordinarily be selected unless he has passed the Anglo-Vernacular Entrance test, the Diploma Examination of the Aitchison College, Lahore, or other higher standard of an Indian University, or unless he shall have been in Government service for not less than five years, of which not less than two shall have been spent in the duties of a Field Kanungo, or unless being a permanent or officiating District Kanungo, or Excise Daroga, he passes the Naib Tahsildar's examination for admission to which all such officials are eligible.

149. Cancelled.

150. When the Revenue Commissioner has selected a candidate and the candidate has been approved by the Chief Commissioner, he shall record the grounds of his selection in a roll in Form A

Nomination rolls.

appended, and he shall at once call on the candidate to qualify himself for the post of Naib-Tahsildar in the following manner.

151. (i) When necessary the candidate shall serve for a term of not less than one year and not more than two years in the revenue establishment of a district to be named by the Revenue Commissioner and during this time—

Revenue training of candidate.

(a) If not already in possession of a Kanungo certificate he thoroughly trained in the duties of a Patwari and of a Kanungo.

(b) After he has been thus instructed in the duties abovenamed, he shall discharge any other duties of the Collector's establishment which may be assigned to him by the Collector of the district or Settlement Collector. The discretion vested in such officers to select these duties shall be so exercised as to give to each candidate a training in those duties of a Naib-Tahsildar of which he has no previous experience.

(ii) A limited sum will be provided by the Local Government, from which stipends will be paid to deserving candidates while under training for a period in each case not exceeding two years.

152. (i) Candidates who have served for one year in the manner proscribed in rule 151 may present themselves for examination.

Examination of candidates.

(ii) The examination shall include such subjects as may be prescribed from time to time by the Revenue Commissioner.

(iii) Detailed instructions in respect of the conduct of the examination, the time and place at which it is to be held, the officers who are to examine and supervise the marks to be allotted to each subject, and the number of marks required to pass shall be issued from time to time by the Revenue Commissioner.

153. If the candidate fails to pass within two years from his first selection, his name shall ordinarily be struck off the list, but the Revenue Commissioner may, for the special reasons, admit him to

Examination of candidates.

the examination within two years following the conclusion of this term.

154. Cancelled.

155. First appointments to the post of Naib-Tahsildar and grade promotions among Naib-Tahsildars, shall be made by the Revenue Commissioner with the Chief Commissioner's approval.

Appointment of and grade promotions among Naib-Tahsildars.

156. If the Revenue Commissioner is unable to appoint any qualified candidate on the list to a vacant post of Naib-Tahsildar, he may, with the approval of the Chief Commissioner, appoint an unqualified candidate or other person to fill the vacancy until such time as a qualified candidate becomes available.

Procedure when Revenue Commissioner is unable to appoint a qualified candidate.

Of Tahsildars.

Qualifications necessary for appointment of Tahsildar.

157. (i) No person shall be ordinarily appointed Tahsildar unless—

(a) He is a Naib-Tahsildar of not less than two years' standing; or

(b) He has been selected as a candidate by the Revenue Commissioner and after approved by the Chief Commissioner has passed the Tahsildar's examination; or has been exempted from passing the examination by the special order of the Chief Commissioner.

(ii) The claims of thoroughly efficient Naib-Tahsildars to promotion to Tahsildarship will be duly considered. The early advancement of Naib-Tahsildars especially distinguished by good work, education or other merit will be borne in mind.

(iii) District Kanungos or Excise Daroghas of not less than three years' standing may be selected as candidates for the post of Tahsildar.

Appointments and grade promotions.

158. Appointments and grade promotions of Tahsildars shall be made by the Revenue Commissioner with the approval of the Chief Commissioner.

159. Cancelled.

* Rules applicable to Tahsildars and Naib-Tahsildars.

160. The Chief Commissioner reserves to himself the power of directing the Revenue Commissioner to appoint to the grade of Tahsildar or Naib-Tahsildar a person not eligible under the above rules, subject to his passing the prescribed examination in a period not exceeding two years, which period may, in special cases, be extended by the Chief Commissioner.

161. Before a Tahsildar or Naib-Tahsildar is called upon to answer a charge of any offence or misconduct, otherwise than under the orders of a Criminal Court having jurisdiction to entertain the charge, the Collector must obtain the sanction of the Revenue Commissioner to institute the enquiry.

162. The Revenue Commissioner may direct that a Tahsildar or Naib-Tahsildar be suspended from his office pending the decision of a charge brought against him. And in a case of emergency the Collector may suspend a Tahsildar or Naib-Tahsildar for misconduct in anticipation of that sanction, the suspension being reported immediately to the Revenue Commissioner and being subject to his orders.

Dismissal of Tahsildar or Naib-Tahsildar.

163. Tahsildars and Naib-Tahsildars may be dismissed by the Revenue Commissioner with the sanction of the Chief Commissioner.

164. The posting and the transferring and the granting of leave to Tahsildars and Naib-Tahsildars will be regulated by the Revenue Commissioner under the Chief Commissioner's orders.

Leave and Transfers.

After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

The 18th March 1909.

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

NOTICES.

A consolidated subject matter index for the years 1900 to 1908 together with a chronological list of inventions in the years 1900 to 1904 has been published (October 1909) and may be obtained at the Patents office, price two rupees.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at *Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1895) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. ORDERS BY THE HONOURABLE THE CHIEF COMMISSIONER
OF AJMER-MERWARA.

NOTIFICATION.

Mount Abu, the 14th October 1909.

No. 1530—1093.—In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the following rules to regulate the possession and transport of petroleum in Ajmer-Merwara in supersession of those published in this office Notifications cited in the margin:—

Rules under section 9 of the Indian Petroleum Act, 1899, for the possession and transport of Petroleum in Ajmer-Merwara.

PART I.

PRELIMINARY.

Definitions.

1. In these rules,—

- (a) "Part" means a Part of these rules;
* * * * *
- (c) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;
- (d) "installation" means a place specially prepared for the storage of petroleum in bulk or for bulk combined with non-bulk storage, and may be either a major or a minor installation;
- (e) "major installation" means an installation—
(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons; or
(2) in which tin-making operations are carried on;
- (f) "minor installation" means an installation—
(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons; and
(2) in which no tin-making operations are carried on;
- (g) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;
- (h) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Local Government may by notification declare as such;
* * * * *
- (j) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel; and
- (k) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation or storage shed.

Supervision of operations within installation or storage shed.
agent or supervisor.

2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Cleanliness of installation.
Supply of sand or dry earth in installation.

4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.

5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6·25 gallons per cubic foot.
Marking of capacity of tanks.
6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.
Protection from lightning.
- Explanation.*—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.
7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.
Testing of lightning-conductor by licensee.
8. Any officer appointed by the Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.
Official testing of lightning-conductor.
9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.
Time for work in installations or storage sheds.
10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.
Closure of pipes and openings.
11. All storage sheds in an installation shall be built of unflammable material.
Material for storage sheds.
12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.
Posting up of rules and conditions.

CHAPTER II.—TRANSPORT OF PETROLEUM.

1. Petroleum may be transported into and within Ajmer-Merwara under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

- Applications for licenses. 1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.
- Licensing authority. 2. Licenses—
- (a) for the possession of non-dangerous petroleum, not being petroleum in bulk,
 - (b) for the possession of non-dangerous petroleum in a minor installation,
 - (c) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and
 - (d) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,
- may be granted by a District Magistrate, or by such other authority as the Local Government may from time to time by order in writing appoint in this behalf. In all other cases the licensing authority shall be the Local Government:
- Provided that in the case of renewals of existing licenses the Local Government may delegate its powers under this rule to the District Magistrate or to such other authority as the Local Government may from time to time by an order in writing appoint in this behalf.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case :

Refusal of license.

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other

Forfeiture of license.

reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules :

Particulars of license.

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

Renewal of license.

(2) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

- (3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Supply of rules to licensee.

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Procedure on death or disability of licensee.

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

Loss of license.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Continuance of license.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Petroleum not in bulk, other than dangerous petroleum.

3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not in bulk.

4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Dangerous petroleum not exceeding forty gallons.

5. (1) The holder of a license in Forms A, B or C may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Rs 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Local Government may prescribe on the recommendation of the Chief Inspector of Explosives.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may from time to time, by general or special order, approve, may be granted in Form D.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

9. (r) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

(s) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

10. Every application for a license for the possession of petroleum, other than licenses under rules 4 and 9 of this Chapter, shall specify :—
Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

- (a) the description and quantity of petroleum which the applicant desires to keep,
- (b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,
- (c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Particulars to be given in applications for licenses under rules 4 and 9.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify :—

- (a) whether the applicant is the owner of a motor-vehicle,
- (b) the amount of dangerous petroleum the applicant desires to store,
- (c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.

4. The holder of a general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding 5 hundred gallons, in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

CHAPTER VI.—FEES.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.

(3) The court-fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (b) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.

2. The storage shed shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams, rafters, columns, windows and doors may be of wood.

3. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be 3 feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.	Number of gallons to be stored.
None	5,000 and under.
20 feet	over 5,000 and up to 50,000.
30 "	Unlimited.

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted within the storage shed.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch : provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 15,000 gallons, the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed :—

Quantity to be stored.	Distances to be kept clear.
Not exceeding 500 gallons	20 feet.
From 500 to 1,000 "	25 "
" 1,000 to 5,000 "	30 "
" 5,000 to 15,000 "	40 "
" 15,000 to 25,000 "	50 "
" 25,000 to 35,000 "	60 "
" 35,000 to 50,000 "	70 "
" 50,000 and over	100 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances that in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than a Sub-Inspector of Police authorized by the Local Government in this behalf.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The inclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation, but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken, or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine room, boiler house and smithy.

CONDITIONS OF LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be, measuring from the ground level—

(a) for horizontal tanks, not less than one-third the height of the tank;

(b) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments:—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 20,000	Ditto 20 "
Over 20,000 and up to 50,000	Ditto 30 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or lights, except those necessary in the soldering room and watchman's house, shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(a) each tank shall separately be enclosed in the manner prescribed in condition 1, or

(b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within an installation, which is not surrounded by a masonry wall or embankment as provided in clause (b) of the condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both, not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons the height or depth shall be three feet.

A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.
